

2/6 DOORS

Plastpro's 2/6 Doors allow you to create a beautiful entryway that fits your unique style and needs. This selection of our most popular door styles and skins come in a narrower 32" width (2'6"), for crafting a dream entry door design in a limited space. These 2/6 Doors are available in Plastpro's standard heights (6/8, 7/0, and 8/0) as well as many of our desirable skin and grain options and panel designs. Additionally, if you have a 5/0 entry space to fill, with two of these doors you can build your own luxurious 5/0 double entry door configuration.
